

Agreement: I, hereby, understand and agree to the following:

## PARTICIPATION, MAINTENANCE AND USE

- This is a voluntary program and that I will not be provided with any compensation for my participation in this program;
- I grant access to the participating property to BSA Rain Check representatives to determine if downspout(s) may be safely disconnected; install rain barrels, as practicable; and monitor performance of barrels. All field crews will be properly identified and attempt to communicate with the property owner prior to entering the property. **At no time will a field crew personnel need to enter the structure(s) (Ex. Home) on the property.**
- Rain Barrels are property of the Buffalo Sewer Authority and must remain at the property they are installed;
- I will maintain the barrel. This includes draining the barrel regularly, cleaning the screen and/filter, inspecting the barrel for any cracks or damage, winterizing the barrel according to provided instructions, and reconnecting the barrel each spring. Rain Check will provide educational materials, as well as email reminders, to support barrel maintenance.
- BSA Rain Check is not responsible for replacement of lost or damaged rain barrels.
- If for any reason, I cannot fulfill the maintenance requirements, or no longer have a need for the rain barrel, I must 1) direct the downspout runoff in accordance with City of Buffalo Building Code requirements; and 2) contact the BSA Rain Check program at (716) 851-4664 X. 4254 to make arrangements to return the barrel.
